Prelate Attacked in Pulpit, But Recovers and Completes His Sermon.

BALTIMORE, Md., Nov. 8.—Cardinal Gibbons was seized with a momentary faintness and was thought to be about to fall in front of the altar while he was delivering a sermon at Havre de Grace yesterday. Upon his return to his residence last night, however, the Cardinal apparently had recovered and it was not thought necessary to call in Dr. Charles O'Donovan, his physician. A chair was brought quickly when the Cardinal appeared to totter momentarily and the prelate was helped into it by his secretary, the Rev. Albert E. Smith. Recovering himself, the Cardinal then went on with his sermon, the dispatch stated. The visit to Havre de Grace was on the occasion of the confirmation of a class of about 150 children. Cardinal Gibbons had talked only a minute or two when those near him noticed him tottering. Several Knights of Columbus, sitting near him, were about to spring to his assistance, but were anticipated by Father Smith, it is stated. At the conclusion of this high mass, which was the second mass of the day, and was finished about noon, Cardinal Gibbons confirmed the class and then held a reception, at which he met about 500 persons, the dispatch states. After this he took

## PARSON CALLS U. S. CRIMINAL NATION

New York Preacher Attributes Lawlessness to Loose Morals and Prosperity.

NEW YORK, Nov. 8.—Dr. S. Edward Young, pastor of the Bedford Presbyterian Church, Brooklyn, declared in a sermon last night that the United States is "fast becoming the most criminal nation of the world." He attributed the increase of lawlessness to the constraining by immigrants of liberty as license, a degree of prosperity too great for the sanctified human nature to stand, and the enactment of laws "that are not intended to be strictly enforced."

"This is not a crime wave, but a steadily swelling tide of increasing murder, robbery, burglary and theft of killing by carelessness and by intent, of graft in places high and low," he said. "It is not especially characteristic of any one locality, but is almost equally ominous North and South, East and West."

The minister said the United States had had six times as many murders as Great Britain, France, Italy or Japan and about ten times as many burglaries as any of those countries. He denied the war had anything to do with the increase in crime.

### FRENCH WILL GIVE HOMAGE TO REPUBLIC

IN celebration of the fiftieth anniversary of the birth of the French republic, a ball will be given at the French Embassy on Thursday evening, with the charge d'affaires of France, Prince de Bearn, as host. The guests will include the leaders of diplomatic, official and resident society and the function will take on added interest from the fact that it will be the first ball at the embassy since the war broke out.

Before the dance Prince de Bearn will entertain about forty guests at dinner, the company including several of the heads of diplomatic missions and ranking officials of the American Government, with their wives. The attaches of the embassy will be joint hosts with Prince de Bearn at the dance and many of the younger set will be included among the guests.

The return of the French Ambassador and Mme. Jussard, who have been abroad since early summer, is expected within the next few weeks, as they have arranged to sail on November 13. Dame Rumor would have it that they are coming only for a short time, and that about the time the new Administration comes in France will send a new ambassador to the United States. Rumor, however, is not always to be trusted, and one hopes that this time she is at fault, for the Jussards are an institution in Washington and their permanent departure would be regretted with keen regret not only here but all over the country.

Prince de Bearn, who has bought a charming house in New Hampshire avenue, is inaugurating a series of delightful hospitalities, and on Saturday evening he had a dinner for Countess von Moltke-Hultfeld, of Denmark, who is visiting the Misses Patten. She was also the guest of honor at a luncheon which Mrs. Marshall Field had on Saturday and every moment of her visit here is being taken up with parties given for her by friends of her girlhood days.

Dr. and Mrs. Douglas will live at the Hotel Lafayette this winter. He was formerly connected with St. John's.

Mrs. Alexander Mackay-Smith and Miss Virginia Mackay-Smith sailed on Saturday for Europe and expect to spend the winter abroad.

Mr. and Mrs. William J. Starr, of Hope House, Eastern Shore, of Maryland, have announced the engagement of their daughter, Miss Rosamond Starr, to Mr. John W. Bell, United States diplomatic service. Miss Starr is a beauty, the younger daughter of the house, and is noted for her prowess in the saddle, on the tennis court and the golf course, in fact, as an all-round accomplished athlete.
